### Module

Mark an **X** next to the module you completed

Module	Language	
Cloud Databases	Java	X
Data Analysis	Kotlin	
Game Framework	R	
GIS Mapping	Erlang	
Mobile App	JavaScript	
Networking	C#	
Web Apps	TypeScript	
Language – C++	Rust	
SQL Relational Databases	Choose Your Own Adventure	

### Fill Out the Checklist

Complete the following checklist to make sure you completed all parts of the module. Mark your response with **Yes** or **No**. If the answer is **No** then additionally describe what was preventing you from completing this step.

Question	Your Response	Comments
Did you implement the entire set of unique requirements as described in the Module Description document in I-Learn?	y	
Did you write at least 100 lines of code in your software and include useful comments?	y	
Did you use the correct README.md template from the Module Description document in I-Learn?		y
Did you completely populate the README.md template?	y	

Question	Your Response	Comments
Did you create the video, publish it on YouTube, and reference it in the README.md file?	y	
Did you publish the code with the README.md (in the top-level folder) into a public GitHub repository?	y	

Did you complete a Stretch Challenge

If you completed a stretch challenge, describe what you completed.

yes,

Record your time

How many hours did you spend on this module and the team project this Sprint?  
*Include all time including planning, researching, implementation, troubleshooting, documentation, video production, and publishing.*

Retrospective

- What learning strategies worked well in this module? I found that taking my time with small practices and breaks along with a learning enviroment helped me retain more knowlage,
- What strategies (or lack of strategy) did not work well? i feel like i made things to easy on myself
- How can you improve in the next module? I can focus more on more difficult topics to push myself further
